September 17, 2018

Dear Community Members of Julius Corsini Elementary School,

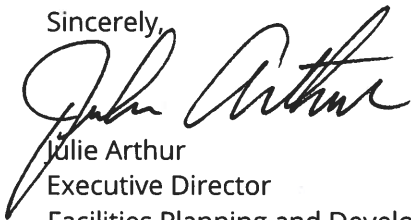

In an effort to increase available shaded areas for outdoor activities the Palm Springs Unified School District (PSUSD) will be constructing a 30 x 64 foot metal shade structure on the elementary campus grounds. The structure has been positioned with input from the Principal and in compliance with applicable codes governing school construction. This improvement will allow for a variety of new opportunities on the campus grounds during recess or for organized outdoor events.

If you have questions or comments on this project, please send them to:
facilities_planning@psusd.us

Written comments and suggestions should be received by October 16, 2018. The comments and suggestions received will be shared with the Board of Education ("Board") and community members can speak directly to the Board concerning this project at the October 23, 2018 meeting. The Board meeting will be held at the District Office located at 150 District Center Drive, Palm Springs beginning at 6:00 PM.

If you have questions or need further information, please contact the Facilities Planning and Development office by dialing (760) 883-2710 and selecting Option 1.

Sincerely,

Julie Arthur

Estimados Miembros de la Comunidad de la Escuela Julius Corsini Elementary School,

En un esfuerzo por extender las áreas sombreadas disponibles para actividades al aire libre, el Distrito Escolar Unificado de Palm Springs (PSUSD) construirá una estructura de metal de 30 x 64 pies en los terrenos de la escuela primaria. La estructura se ha posicionado con el aporte del Director y a conformidad con los códigos aplicables que rigen la construcción de escuelas. Esta mejora permitirá una variedad de nuevas oportunidades en el plantel durante el recreo o para los eventos organizados al aire libre.

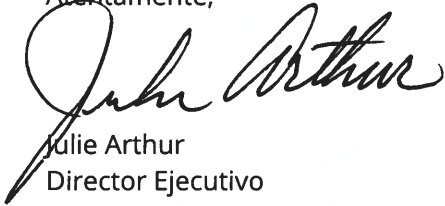

Si usted tiene preguntas o comentarios sobre este proyecto, envíelos a:
