**RE: Rancho Mirage High School - Field Light Testing Scheduled for July 9<sup>th</sup>, 2024**

Dear Neighbor of Rancho Mirage High School,

This letter is to inform you of the upcoming field light testing scheduled at the RMHS athletic fields. The District's contractor will be testing and commissioning the lights on **Tuesday, July 9<sup>th</sup>, 2024, from 8:00 PM to 12:00 AM (four hours)**. During testing, the Musco lighting team will perform a photometric light test to confirm the light levels meet industry standards and design specifications.

**Testing Details:**

- **Date:** July 9<sup>th</sup>, 2024 (one-day testing)
- **Time:** 8:00 PM to 12:00 AM (four hours)
- **What to Expect:**
  - All lights will be on for the duration of the test. You may also see them occasionally turned on and off for adjustments.
  - We will make every effort to minimize testing duration and noise.

The chosen design minimizes light spill and glare towards nearby properties, adhering to IESNA recommendations for High School Baseball.

We appreciate your understanding and cooperation. If you have any questions or concerns, especially regarding noise disruptions outside these hours, please do not hesitate to contact project manager Ernie Dominguez at 760.883.2710, ext. 6148.

Sincerely,

A handwritten signature in blue ink that reads "Julie Arthur".

Julie Arthur,  
Executive Director of Facilities Planning & Development
